IVORY BREW / HAUZ KHAS, NEW DELHI

Ivory Brew

Specialty coffee cafe | 2,500 sq ft | Turnkey fit-out | Opened November 2026

The cafe floor, sculpted walls and flowing entry wall

Backlit textured relief wall

Pebble-shaped lit niches

Ivory Brew wanted its Hauz Khas cafe to feel calm, crafted and unmistakably its own. MyGenie delivered the 2,500 sq ft cafe turnkey: sculpted, textured relief walls with concealed backlighting, a unique flowing entry wall that rolls up into a wave-edged ceiling, pebble-shaped lit niches, curved built-in banquettes and the coffee bar with its roaster on show. The cafe opened to guests in November 2026.

Texture

SCULPTED, BACKLIT WALLS

Wave and sphere relief panels set in softly lit frames: the signature texture every guest notices and photographs.

Unique entry

A WALL THAT BECOMES THE CEILING

The entry wall curves up into a wave-edged ceiling and carries the brand line, The Quiet Elegance of Indian Coffee.

Opened

DELIVERED AND OPENED

Handed over complete and opened to guests in November 2026, by one accountable team.

THE CRAFT

Details guests remember

A cafe is chosen for how it feels. At Ivory Brew, the finish carries the brand: texture on the walls, a sculpted entry and warm, even light across the floor.

01 Textured relief walls

Sculpted waves and raised spheres in recessed frames with concealed LED backlighting, so the texture glows without a visible fitting.

02 The flowing entry

A curved entry wall that rises into a wave-edged ceiling with cove lighting, carrying the brand line at eye level.

03 Seating built into the room

Curved banquettes wrapped around a central planter, with arched display niches and pebble-shaped lit recesses.

04 Bar ready to brew

Coffee bar, roaster point, power, lighting and air-conditioning coordinated before closure, then handed over to open.
